

Contact our Builders

Lethbridge Land is very selective when it comes to choosing builders in any of our communities. As Lethbridge's first urban-village community development, the builders we selected for Crossings are defined by not only by their proven track record of excellence in design and environmental sustainability, but also by their vision.

The three builders selected to be the builder group for Crossings are:

Cedar Ridge Quality Homes

Galko Homes Master Builder

Van Arbor Homes

Feel free to contact any one of our builder group for the opportunity to live in Crossings - a place where life happens.

Advantages of buying your lot from a builder

You are assured the lot you choose and will not need to go through the process of the lot draw.

Limitations of buying your lot from a builder

You will need to build your home with the builder you purchased the lot from. This gives you less choice and flexibility. On the other hand, we select only the finest builders in our community and you can work closely with your builder to customize your home to fit your needs.
